General APC Regulations on Eligibility

In addition to each International Federation's/Asian Federation's athlete eligibility criteria, the APC has established a set of general conditions that apply to all participants in the Asian Para Games. These general regulations are derived from the APC Handbook. They ensure that the fundamental rights and obligations of the APC and its membership are recognized and protected. The General APC Regulations on Eligibility are as follows:

- APC Membership
- Compliance with APC Athletes Nationality Code
- Minimum Age Requirement
- Understanding and Agreeing to the IPC Eligibility Code
- NPC Selection Standards
- Compliance with the Classification Rules

APC Membership

Only NPCs in good standing with the APC by 22 October 2023 may enter duly qualified and eligible athletes in the Hangzhou 2022 Asian Para Games. NPCs are reminded that athletes must ensure their membership with their sport's respective International Federation or Asian Federation (only if necessary) including the IPC is in good standing during the qualification period and upon close of entry to the Asian Para Games.

Compliance with APC Athletes Nationality Code

Any athlete in the Asian Para Games must be a national of the country/territory of the NPC entering him/her and in compliance with the provisions of the Nationality Code as published in the APC Handbook.

Minimum Age Requirement

No minimum age limit for athletes competing in the Asian Para Games is stipulated by the APC on a general basis. However, NPCs should note that an age limit may be established by relevant International Federations/Asian Federations through sport-specific athlete eligibility standards. While the Asian Para Games welcomes Asia's youth with impairment, NPCs are asked to use discretion and send to the Games only athletes adequately prepared for high performance competition.

Understanding and Agreeing to the Eligibility Code

To be eligible for participation in the Asian Para Games, all athletes must sign, observe, comply with and abide by the rules and regulations outlined on the IPC Eligibility Code form. The IPC Eligibility Code form is part of the NPC registration process.

Hangzhou 2022
Asian Para Games

NPC Selection Standards

The APC recognizes and respects the right of NPCs to establish national selection standards for determining an athlete's or team's qualification to compete in the Asian Para Games. Such standards must be compliant with those established by respective IF's/AF's terms as well as the dates of confirmation and administrative deadlines defined in this Guide. All athletes and teams are equally subject to their respective NPC selection standards when applied.

Classification Eligibility Regulations (Sport Class Status)

Only qualified athletes that meet the sport-specific classification eligibility requirements will be eligible for entry in the Hangzhou 2022 Asian Para Games. It is the responsibility of each NPC to ensure that its athletes hold a sport class status that complies with the sport's eligibility requirements as published in this Guide.

The following Sport Class Status that the athlete needs to have in order to participate in the specific sport at the Hangzhou 2022 Asian Para Games.

- N = New
- R = Review
- FRD = Fixed Review Date
- CNC = Classification Not Complete or
- C = Confirmed

Athletes with 'New(N)', 'Review(R)', 'Fixed Review Date (FRD) of 2023 or before' or 'Classification Not Complete (CNC)' sport class status must undergo international classification on site. Athletes will need to present themselves for classification at the date and time designated by the sport. NPCs must present all relevant medical paperwork for their athletes with 'N', 'R', 'FRD' or 'CNC' status to the respective IF/AF, according to their classification rules. Please note that some sports will not offer international classification at the Games. For every classification matter, the NPC must contact the respective IF/AF.

Viability Criteria

Where the IF/AF does not state its Viability Criteria, then it shall adhere to the Viability Criteria of the APC as follows:

- | | |
|----------------------|--|
| ▪ Individual Events: | There should be a minimum of FOUR (4) athletes from TWO (2) participating nations. |
| ▪ Team Events: | There should be a minimum of FOUR (4) participating nations. |

Hangzhou 2022
Asian Para Games

In exceptional cases where an event is already on the final programme and does not fulfil the Viability Criteria during the competition day, the following alternative steps can be taken:

- Technical Delegate's Decision:

The Technical Delegate reserves the right to amend the original event programme and move the athletes into another class, or combine different classes together to ensure event viability and implement the "minus-one rule".

Medal

Gold, silver and bronze medals shall be awarded to the first three place. In exceptional case where only three or fewer athletes compete in a medal event will be awarded following the "minus-one rule". For example, if an event is finalised by 2 athletes/teams only, only gold medal will be allocated.

Bipartite Invitations

While the primary method in which the Asian Para Games guiding principles are respected is through the standard qualification methods, the APC and IFs/AFs have also sought to provide targeted qualification slot allocations in particular sports through the Bipartite Commission Invitation Allocation Method. These invitations are included in the overall athlete quotas of the relevant sports. Invitations are granted on a discretionary basis by the APC and the respective IF/AF and are typically allocated based on the following principles:

- To ensure participation of top athletes who may not have had the opportunity to formally qualify through other methods due to extraordinary circumstances.
- To ensure the representation of athletes with a high support need.
- To ensure medal events will have sufficient representation for viability.
- To enable greater representation by gender.

Timelines and Application Procedures

Each sport offering Bipartite Invitation slots has established its individual timeline for submission and acceptance of Bipartite Applications. Please refer to the respective section in each sport's chapter of this Guide.

Redistribution of Unused Qualifications Slots

Qualification slots that are not allocated or reallocated by their sports by the established deadlines or go unused (following the deadline for final entries) may be redistributed at the sole discretion of the APC and IFs to any sport on the program.

ALLOCATION OF QUALIFICATION SLOTS

A slot allocation procedure might be needed following the Entry by Number if necessary.

It will be under the discretion of Asian Paralympic committee, in consultation with the World Para Swimming, to distribute any slots remaining after the entry deadline.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- Hold an active World Para Swimming Athletes License for the 2023 season
- Have achieved a Minimum Qualification Standard (MQS) at a World Para Swimming approved 50m competition for the event on the program between 01 January 2022 and 8 July 2023 (times are only recognised if the athlete was already licensed at the time of the achievement or has a recognised split time World/Regional record in the same length & stroke, that is included in the rankings).
- Have achieved a Minimum Qualification Standard (MQS) in accordance with the Athlete Licensing Program Policies valid for the 2022-2023 seasons
- be classified with a "Review" (R) or "Confirmed" (C) or "Fixed Date Review" (FDR) sport class status

Hangzhou 2022
Asian Para Games

- one relay specific athlete (without MQS) can be added to the NPC Team (no participation in other events is allowed in this case) – please contact the Local organising committee or Asian Paralympic Committee. There can be a different relay-specific athlete entered for the different relays on the final programme.

Note:

The MQS was set on 18th place of the official Asian ranking list 01 January 2020- 31 December 2021. If there were not 18 athletes, the average of the last two times of the rankings is used as an MQS. If there were five or less athletes in the rankings, rank 30 of the official World ranking lists was used (where appropriate). If there are less than 30 athletes in the official World ranking the average of the last two times is used as an MQS

For the classes S1, S2 & S3 MQS standards have been set to increase the number of qualifying athletes for these events.

For relay events there are no MQS times, teams can be entered even without previous achievement (they will be seeded with 'no time'). NPCs that have time for their relay team from the qualification period can enter this result in the final entries.

BIPARTITE COMMISSION INVITATIONS

World Para Swimming will allocate up to 30 Bipartite Commission Invitation slots. NPCs that have 5 or fewer swimmers on the qualification rankings may apply for the Bipartite Invitation slots.

To be considered for a Bipartite Commission Invitation, an athlete must hold an IPC Athlete Licence for the 2023 season. World Para Swimming must receive an official application from the relevant NPC no later than 24 June 2023.

The Bipartite Commission Invitation slot is allocated to the individual athlete and is not transferable to another athlete.

Bipartite entries, at the discretion of Asian Paralympic Committee in consultation with World Para Swimming, the swimmer's eligibility criteria of being classified with a "Review" (R) or "Confirmed" (C) sport class status may be waived to allow an athlete with a "New" (N) sport class status to compete if it is due to any of the below criteria.

- To enable the greater representation by a nation.
- To ensure events featured on the programme have sufficient representation for viability.
- To enable greater representation by gender.
- To ensure the further representation of athletes with high support needs

Hangzhou 2022
Asian Para Games

- To ensure top athletes that may have not had the opportunity to formally qualify due to extraordinary circumstances.
- To ensure new athletes that may have not had the opportunity to be formally classified due to extraordinary circumstances.

Competition Format

The Hangzhou 2022 Asian Para Games will be conducted by the Single Class competition format. Events that will not meet the Event Viability Criteria outlined below after the Entry by Name will be combined with the nearest single class event and will be included in the Final Event Programme. For those combined events, the athletes have to achieve the MQS times for their respective classes and medals will be awarded for each single class.

MAXIMUM ENTRY PER NPC

NPCs can enter a maximum of three (3) eligible swimmers per medal event if all have met the MQS. However, only a maximum of three (3) swimmers per each eligible sport class can be entered if all met the MQS.

NPCs can enter their athletes that have met at least one (1) MQS in an unlimited number of events.

NPCs can enter 2 Relay Teams per relay event. In case an NPC has more than 1 Relay team competing in a relay event, only 1 can proceed to the finals. The relay team which proceeds to the final is the one with the fastest time.

EVENT VIABILITY CRITERIA

Individual events will be considered viable if they have a minimum of Five (5) eligible swimmers from three (3) NPCs entered through the Entry by Name. For classes S1-2 and S11, four (4) eligible athletes from two (2) NPCs through Entry by Name are required.

Relay events will be considered viable if they have a minimum of four (4) eligible NPCs entered through the Entry by Name.

Asian Paralympic Committee in consultation with World Para Swimming shall review the event viability following the close of the final entry on 31 July 2023. In the case an event does not meet the above viability criteria by the final entry, Asian Paralympic Committee in consultation with World Para Swimming may combine such event with the nearest single class where appropriate and applicable.

In the case the entry number of an event dropped below the aforementioned event viability criteria due to withdrawals after 31 July 2023, the event shall still be run as a Medal Event and the medals will be allocated under the 'minus one' rule in accordance with rule 10.14.1
